

# HIGHGROVE

BEDS OF FINE QUALITY

## EcoAdvantEdge<sup>®</sup> pocket collection

# Alora Copper 2000 Pocket

- Luxurious stretch cover incorporates woven copper to create a cool, clean, and healthy sleeping environment
- Within the deep memory comfort layer copper adds Advanced Sleep Technology to your mattress. When the copper particles are compressed it results in a firming response ensuring more support where body weight is concentrated i.e. hips and shoulders
- Highgrove's Copper Technology is also designed to help relieve sore and swollen joints and reduce inflammation
- This mattress is anti-microbial and has anti-bacterial properties preventing odours from developing and keeping your mattress clean
- Highgrove's New Generation EcoAdvantedge Pocket Spring System provides total body support across the entire sleep surface to ensure correct spinal alignment and further enhance sleep quality
- Designed as a no-turn mattress - please regularly rotate 180° to extend mattress life and performance
