

Additional Features

Multi-use Battery Back-up System

For an additional cost, this can be fitted at the time of ordering or purchased at a later date to ensure continued use of the Recliner up to approximately 10-15 complete cycles of the action in the event of power failure. **HIGHLY RECOMMENDED.**

Removable Clip

Each handset is fitted with a useful clip which can be removed if required.

Removable Backs

For ease of delivery all Care Recliners have removable backs.

This personal guarantee

applies to all Electric Care Recliners with a user weight limit up to 160kg (25 stone).

Optional

Lumbar Adjustment

see page 39

up to approximately 10-15 complete cycles of the action in the event of power failure. **HIGHLY RECOMMENDED.**

Glides

Glides for solid flooring are available on all Care Recliners.

Backlit

Handsets

All handset buttons light up when operated for ease of use in the dark.

Side Pocket for Right- or Left-handed Use

A generous side pocket is fitted on all Electric Care Recliners and this and the handset can also be specified for left-handed use if you so wish.

The Perfect Fit?

Because finding the right size of Recliner is essential to your comfort we offer no less than ten popular Electric Riser Recliners in a choice of four different sizes - see below, for example.

Malham Petite

Small Malham

Standard Malham

Malham Royale
